Chef Arnu K.
Japanese Chef

"Omakase is the Japanese tradition of letting a chef choose your order. The word means "I will leave it to you." It's a fine tradition that gives the chef creative freedom and the customer a more memorable dining experience.

Apart from the regular a la carte sushi and sashimi plates available at our rooftop restaurant Hansha, why don't you give our Japanese Chef Arnu, free reign to surprising you with his own creative interpretations."

(served in a 120 ml carafe)

Suigei	Tokubetsu Junmai-shu Hyoutenkachozou	Kochi	Rice	15.5%	THB 620
---------------	---	--------------	-------------	--------------	----------------

Made with only rice, water and koji mold. The rice used is polished to at least 70%. Full and solid flavor profile, clean and well structured. Quite dry with a hale and hearty palate that favors those who like solid junmais.

Suigei	Chikuju Reiyo-shu	Kochi	Rice	15.5%	THB 450
---------------	--------------------------	--------------	-------------	--------------	----------------

Fukumitsuya	Kagatobi Junmai Ginjo-shu	Kanazawa	Rice	16%	THB 490
--------------------	--------------------------------------	-----------------	-------------	------------	----------------

Brewed with labor-intensive steps, eschewing machinery for traditional tools and methods, using highly polished rice to at least 60% and fermented at colder temperatures for longer periods of time. Rich fruity fragrance and abundance of rice flavor.

Koshi No Kanbai	Ginjo-shu Bessen	Niigata	Rice	16%	THB 590
------------------------	-------------------------	----------------	-------------	------------	----------------

This sake is known for its pleasant, refreshing taste and is made from specialty sake-brewing rice (polished to at least 60%) and a yeast variety that produces a light-bodied, fragrant sake.

Born	Junsui Pure Junmai Daiginjo-shu	Fukui	Rice	15%	THB 620
-------------	--	--------------	-------------	------------	----------------

Matured for a long time at ice-cold temperatures. Aroma is moderate with rice, pear and lychee. Silky smooth with crisp acidity and light texture.

Kotsuzumi	Junmai Ginjo-shu Nama Sake	Hyogo	Rice	16%	THB 620
------------------	-----------------------------------	--------------	-------------	------------	----------------

A restrained and versatile sake that begins with a delicate light nose of melon rind and young green fruit, light texture create a balanced, transcendent sake.

SHOCHU

(served in a 120 ml carafe)

Kirishima Kuro Kirishima Imo Miyakonojo Sweet Potato 20% THB 390

A nice, relatively smooth entry into the world of imo shochu. With a soft, faintly yammy nose, the taste is just a hint smokey, lightly sweet, with an underlying complexity. There is an almost warm mouthfeel with the pleasant aftertaste of melon. It lingers unobtrusively on the pallet until you take a bite or have another sip.

UMESHU

(served in a 120 ml carafe)

Suigei Umeshu Kochi Plum 12.5% THB 350

Made from plums and refined sake from Kochi City's Kagami District as well as with shochu. By firmly setting aside a maturation period of over three years, a mellow, gentle taste is achieved. The rich taste of its refined sake component and the sharp aftertaste of its shochu component make a fantastic match.

JAPANESE WHISKY

MIYAGIKYO Distillery

The location was selected for whisky production because of its clean air, just the right humidity for storage, and abundant underground water filtered through a layer of peat. The Miyagikyo Distillery is in northern Japan, in Sendai, Miyagi Prefecture, northern Honshu.

Nikka Coffey Grain

This Grain Whisky is distilled in a "Coffey still", which is a very traditional and rare patent still Nikka imported from Scotland in 1963. The Coffey still produces a complex whisky with a mellow and sweet taste originating from the grain itself.

THB 1,150

JAPANESE WHISKY

EIGASHIMA Distillery

Located in Akashi City, Hyogo Prefecture. The distillery was founded by Eigashima Shuzo in 1888 in order to produce sake and shochu. Proper whisky production did not begin until the company moved in to their new facilities in 1984. This new facility was named the ‘White Oak’ distillery and has separate still rooms for sake, shochu and whisky.

White Oak Akashi Blended Whisky

THB 490

This is whisky blended in the scotch tradition, with Japanese precision, the malt is lightly peated, and vatting is mostly ex-bourbon, balanced by White Oak’s unique variety of barrels. The nose is very fruity with apricots and dried fruits, and a shy note of honey.

White Oak Akashi Single Malt

THB 890

Single malt Japanese whisky from the Akashi range, produced by White Oak in Hyogo, just west of Kobe. This non-age-statement release ought to prove rather interesting for whisky adventurers looking to try something new.
