# SAKE

(served in a 120 ml carafe)

**Suigei**                      **Tokubetsu Junmai-shu**                      **Kochi**                      **Rice**                      **15.5%**                      **THB 620**

**Hyoutenkachozou**

Made with only rice, water and koji mold. The rice used is polished to at least 70%. Full and solid flavor profile, clean and well structured. Quite dry with a hale and hearty palate that favors those who like solid junmais.

**Fukumitsuya**                      **Kagatobi Junmai**                      **Kanazawa**                      **Rice**                      **16%**                      **THB 490**

**Ginjo-shu**

Brewed with labor-intensive steps, eschewing machinery for traditional tools and methods, using highly polished rice to at least 60% and fermented at colder temperatures for longer periods of time. Rich fruity fragrance and abundance of rice flavor.

**Koshi No Kanbai**                      **Ginjo-shu Bessen**                      **Niigata**                      **Rice**                      **16%**                      **THB 590**

This sake is known for its pleasant, refreshing taste and is made from specialty sake-brewing rice (polished to at least 60%) and a yeast variety that produces a light-bodied, fragrant sake.

**Born**                      **Junsui Pure Junmai**                      **Fukui**                      **Rice**                      **15%**                      **THB 620**

**Daiginjo-shu**

Matured for a long time at ice-cold temperatures. Aroma is moderate with rice, pear and lychee. Silky smooth with crisp acidity and light texture.

**Kotsuzumi**                      **Junmai Ginjo-shu Nama Sake**                      **Hyogo**                      **Rice**                      **16%**                      **THB 620**

A restrained and versatile sake that begins with a delicate light nose of melon rind and young green fruit, light texture create a balanced, transcendent sake.

**Kanemasu**                      **Junmai Daiginjo Hatsuhana**                      **Koshitanrei**                      **Rice**                      **16%**                      **THB 890**

This is one of the Sake brewery's highest-grade sake. Brewed using Koshitanrei which was grown by the brewery, This sake gives an elegant and rich flavour.

**Kanemasu**                      **Junmai Daiginjo Treasure Black Miyamanishiki**                      **Rice**                      **17%**                      **THB 1,150**

The brewery master uses the best 50% of the polished rice to create this skillful sake with a rich flavour for special celebration.

# SHOCHU

(served in a 120 ml carafe)

**Kirishima**      **Kuro Kirishima Imo**      **Miyakonojo**      **Sweet Potato**      **20%**      **THB 390**

A nice, relatively smooth entry into the world of imo shochu. With a soft, faintly yammy nose, the taste is just a hint smokey, lightly sweet, with an underlying complexity. There is an almost warm mouthfeel with the pleasant aftertaste of melon. It lingers unobtrusively on the pallet until you take a bite or have another sip.

# UMESHU

(served in a 120 ml carafe)

**Suigei**      **Umeshu**      **Kochi**      **Plum**      **12.5%**      **THB 350**

Made from plums and refined sake from Kochi City's Kagami District as well as with shochu. By firmly setting aside a maturation period of over three years, a mellow, gentle taste is achieved. The rich taste of its refined sake component and the sharp aftertaste of its shochu component make a fantastic match.

**Kanemasu**      **Kashidaru Umeshu**      **Niigata**      **Plum**      **15%**      **THB 850**

Kanemasu produces not only Japanese sake but also distilled liquor. A sake with both a brewery and distillery is rare in Niigata. Plums also made in Niigata in rice-shochu which matured with an oak barrel for a long term and finished to the plum wine which a flavor was rich and dry.

# JAPANESE WHISKY

## **MIYAGIKYO Distillery**

The location was selected for whisky production because of its clean air, just the right humidity for storage, and abundant underground water filtered through a layer of peat. The Miyagikyo Distillery is in northern Japan, in Sendai, Miyagi Prefecture, northern Honshu.

## **Nikka Coffey Grain**

This Grain Whisky is distilled in a "Coffey still", which is a very traditional and rare patent still Nikka imported from Scotland in 1963. The Coffey still produces a complex whisky with a mellow and sweet taste originating from the grain itself.

**THB 1,150**

# JAPANESE WHISKY

## **EIGASHIMA Distillery**

Located in Akashi City, Hyogo Prefecture. The distillery was founded by Eigashima Shuzo in 1888 in order to produce sake and shochu. Proper whisky production did not begin until the company moved in to their new facilities in 1984. This new facility was named the ‘White Oak’ distillery and has separate still rooms for sake, shochu and whisky.

### **White Oak Akashi Blended Whisky**

**THB 490**

This is whisky blended in the scotch tradition, with Japanese precision, the malt is lightly peated, and vatting is mostly ex-bourbon, balanced by White Oak’s unique variety of barrels. The nose is very fruity with apricots and dried fruits, and a shy note of honey.

### **White Oak Akashi Single Malt**

**THB 890**

Single malt Japanese whisky from the Akashi range, produced by White Oak in Hyogo, just west of Kobe. This non-age-statement release ought to prove rather interesting for whisky adventurers looking to try something new.
